San Leo Residenza in Antico Borgo
www.agriturismosanleo.it

We will be immersed in the natural beauty of the Chianti region of Tuscany as we spend our art days at the beautiful estate San Leo.

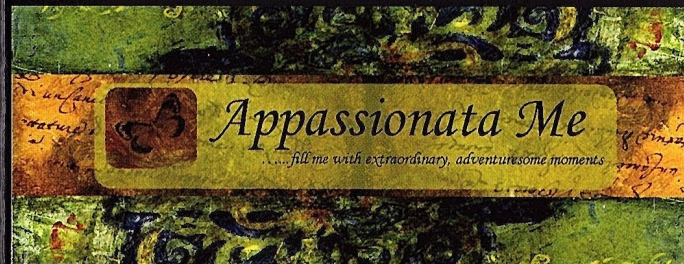

After our art is done for the day we will explore the countryside visiting wineries, restaurants and shops in delightful Tuscan villages.

Our hostess, Patrizia Belli, will pamper us with homemade Italian breakfasts and lunches every day. One evening she will give us our own private cooking class as well as giving us a sampling of olive oil produced right on the farm.

Your Artist and Guide

In beautiful Tuscany you will spend the days sightseeing, exploring your creativity, drinking wine and laughing with other enthusiastic and adventuresome people. Your artist and guide, Bethany Ekblad, will take you on a small group artistic adventure specifically designed to appeal to artists of all experience levels.

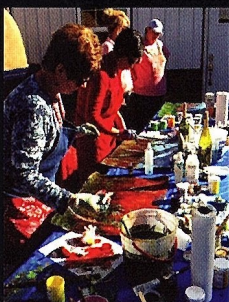

Bethany has been making up her own rules in art for many years. She doesn't paint with tiny brushes but rather with her fingers and wet paper towels.

Everything is loose and free allowing for true freedom of expression rather than striving to make it look like it's "supposed to". This adventure is not as much about making perfect art as it is about the joyful experience of creating.

The inclusion of several guided travel days sets this experience apart from other European art workshops. Bethany has been to Italy many times and will show you around all the "must see" places in Tuscany while leaving plenty of time for just being there.

She has learned that the greatest moments of travel are not just the ones spent taking pictures of monuments or churches but those spent in conversation with good friends over a fantastic meal or simply wandering the streets of an amazing city.

The Travel

Begin the adventure with several days of exploring the treasures of the Renaissance in Florence and Pisa. You will visit magnificent churches, museums and other historic sights as well as spend many relaxing hours enjoying the fabulous food, wine and shopping that Italy has to offer.

Traveling to a foreign country on your own can be intimidating. This is a great opportunity to experience the joys of travel without worrying about the details. Accommodations, private drivers, museum passes etc., will be taken care of for you.

All you have to do is relax and enjoy every moment.
